

IN THE SPECIFICATION

Please amend the paragraph starting at page 6, line 20 as follows.

As is shown in the right and lower portions of the drawing figure, an audio cable 27 interconnects the docking cradle 23 to the vehicle audio system 13. Such interconnections interconnections may be made in any conventional manner. The audio cable 27 is used to connect the HP Jornada™ portable computer 15 to the vehicle audio system 13 in the vehicle. The audio cable 27 has a connector 27a that is connected to an input connector 28 of the vehicle audio system 13, or through its auxiliary input jack located on the back panel of the audio system 13. This connection permits audio playback of MP3 music files, and the like, that are stored in the HP Jornada™ portable computer 15 by wwway way of the vehicle audio system 13.
